Dear Norm:

The CSIM is delighted to have you involved with its Health Promotion Committee (HPC). We express our thanks for your advocacy on important issues such as sodium reduction and the healthy procurement of foods.

Thank you for spearheading the healthy food procurement policy entitled “*Call to Action: Buy and Sell Healthy Foods and Beverages.*” The CSIM Executive (and the HPC) has reviewed the document and is pleased to grant CSIM endorsement of this policy.

Norm, thank you for your commitment to improving the health of all Canadians.

Sincerely,

Dr. Maria Bacchus
CSIM President
